

KEREKÍTŐ

for Babies, Wobblers, Toddlers & Parents

Cuddly games, rhymes & songs accompanied by musical instruments

Laughing, giggling & singing, live musical instruments based on the Kerekítő book series' folk tales and cuddly games.

Our grandparent's games are the cradle of emotional security and art education. The love language of the first-year rhymes, touch, hugs and smile, will accompany children for a lifetime.

Why is it different from other baby & mum events?

This is a unique network of events where Hungarian folk songs & rhymes are played with live musical instruments. It was brought to life by drama teacher Judit J. Kovács. Its main source of inspiration is from folk traditions, recognizing the importance for the little ones to first come across their own musical tradition.

Kerekítő's fun, creative gatherings are all about learning through playing, with activities such as rhyme time, music, movements and fun games for babies, wobblers and toddlers. A great way for parents to spend quality time with their little ones, while singing traditional Hungarian childrens songs, nursery rhymes & enjoying themselves too.

Let's play, sing and move together!
